
FIFTY-SEVENTH

ANNUAL CONVOCATION

PART III

Northern Alberta Jubilee Auditorium

JUNE, 1967

THE PRESENTATION

The Dean of the Faculty of Graduate Studies asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

THE PLEDGE

The President, then rising, addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges and liberties of this your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning and the good of your country?"

Each candidate replies: "These things I pledge myself to do."

THE ADMISSION

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, right and privileges pertaining to such degrees, and I charge you to use them for the glory of God and the honor of your country."

Candidates then sit down.

Spring Convocation at The University of Alberta

It's a big affair

The University of Alberta's first three-part Spring Convocation is being held May 30 and 31, and June 1. Over 1,900 students, including 140 in Graduate Studies, will receive degrees in course during the three days.

Five Canadians will receive the honorary degree of Doctor of Laws. Notes about them follow.

Murray L. Barr

Dr. Murray Llewellyn Barr, anatomist and research scientist, is Head of the Department of Anatomy at the University of Western Ontario.

He was born at Belmont, Ontario, and received his early education there and in London, Ontario. He graduated from the University of Western Ontario with a B.A.

Alumni Golden Jubilee Award:

E. C. Manning

The Honourable Ernest Charles Manning, Premier of Alberta, President of the Executive Council, and Attorney General, has been chosen to receive the 1967 Alumni Golden Jubilee Award from the Alumni Association of The University of Alberta.

The presentation will be made by His Honour Judge B. C. Whittaker, new President of the Alumni Association, at Convocation ceremonies to be held Wednesday, May 31.

The Alumni Golden Jubilee Award is presented annually to a person who has contributed to the welfare of the University, either directly or indirectly. Dr. Manning, head of the Government of Alberta for 24 years, was chosen as this year's recipient in recognition of the Government's longstanding interest in and support of the University and its activities. The Award was first presented in 1958 at the University's Fall Jubilee Convocation. Dr. Manning will receive an engraved gold tray and framed citation.

in 1930 and an M.D. in 1933. He decided to specialize in neurology, and did summer research at the University of Minnesota in neurohistology. He received a M.Sc. from Western in 1938.

Dr. Barr was appointed Instructor in Anatomy in 1936, Associate Professor in 1945 and Professor of Microscopic Anatomy and Head of the newly-created Department in 1953. In 1964, he became Head of the Department of Anatomy.

He served in the Royal Canadian Air Force from 1939 to 1945, in Canada on Medical Selection Boards and in London, England, for two years as President of the RCAF Medical Board. Following his retirement, with the rank of Wing Commander, he continued to serve as a military advisor as a member of the Panel on Aviation Medicine, Defence Research Board.

On his return to the University in 1945, he began research in various aspects of cytology and has concentrated more recently on the sexual dimorphism on interphase nuclei and its applications to clinical medicine.

Dr. Barr has received many honors and awards, among them: the award of the Canadian Society of Obstetrics and Gynecologists (1956); the Borden Award of the Association of American Medical Colleges (1957); Fellow of the Royal Society of Canada (1958); Lecturer in Medicine of the Royal College of Physicians and Surgeons of Canada (1959); The Flavelle Medal of the Royal Society of Canada (1959); The Charles Mickle Award of the University of Toronto (1959); The Ortho Medal of the American Society for the Study of Sterility (1962); The Medal of the American College of Physicians (1962); Joseph P. Kennedy Jr. Foundation award (1962); The Award of Merit of the Gairdner Foundation (1963); and honorary degrees from Queen's University (1962); the University of Toronto (1964) and the University of Basel, Switzerland (1966).

He is a member of a dozen scientific societies and author or joint author of more than 80 research publications.

Dr. Barr is married and has three sons.

Helen Beney Gibson

Helen Beney Gibson, Medicine Hat Alderman and community worker, is a graduate of The University of Alberta.

She was born in Long Island, New York, and moved to Alberta as a small child. She received her elementary education at Irvine Public School, Irvine, Alberta and her high school education at Mount Royal College in Calgary. She received her Bachelor of Arts degree here in 1924.

Mrs. Gibson was first elected to public office in 1954 as a member of the Board of Medicine Hat Separate School District No. 21. She served for two years, first as Vice-Chairman and then as Chairman of the Board.

She was then elected Alderman in 1957 and is now serving her fifth consecutive two-year term. During this time she has been Chairman of the aldermanic Welfare Committee and a member of the Recreation Commission. At present she is a member of the Medicine Hat Health Unit Board, Medicine Hat Regional Planning Commission, Medicine Hat Public Library Board, Finance Committee, Public Works Committee, Advisory Committee to City Council and is Chairman of the newly-formed Preventive Social Services Committee. She served as Deputy Mayor from November 1966 to January 1967.

She represented Medicine Hat at the First Canadian Conference on Aging in 1966 and is now a member of the provincial committee and has represented the City throughout Canada and overseas.

Mrs. Gibson has served in an executive capacity in several organizations, including the Canadian Federation of University Women, Canadian Federation of Business and Professional Women's Clubs, Women's Liberal Federation of Canada, The University of Alberta Alumni Association, Canadian Club, Catholic Women's League, United Fund, John Howard Society, Cerebral Palsy Association, Rehabilitation Society, and others.

Mrs. Gibson is the widow of Dr. G. Ross Gibson and the mother of three children.

A. D. P. Heeney

Arnold Danford Patrick Heeney, Q.C., public servant of Canada for almost 30 years, receives his ninth honorary degree from The University of Alberta.

He is Chairman of the Canadian Section of the International Joint Commission, a position in which he has served since 1962.

He began his public service career as Principal Secretary to the Prime Minister of Canada in 1938. In 1940 he became Clerk of the Privy Council and Secretary to the Cabinet, a position he held until 1949. He was appointed a Dominion King's Counsel in 1941.

He was Under-Secretary of State for External Affairs from 1949 to 1952, and Ambassador and Permanent Representative of Canada to the North Atlantic Council and to the Organization for European Economic Cooperation, Paris, from 1952 to 1953.

In 1953 he was appointed Canadian Ambassador to the United States, where he served until 1957, and again from 1959 to 1962. He was Chairman of the Civil Service Commission of Canada in the intervening period. Dr. Heeney has also been a member of the Board of Governors of McGill University, since 1962.

Born in Montreal, Dr. Heeney received his early education at St. John's College School, Winnipeg, and his Bachelor and Master of Arts degrees from the University of Manitoba. He attended St. John's College, Oxford, as a Rhodes Scholar from Manitoba in 1923; he studied Modern History there and completed his Bachelor of Arts in 1925 and Master of Arts in 1936. He received a Bachelor of Civil Law from McGill University in 1929.

Dr. Heeney was admitted to the Bar of Quebec in 1929, practised law in Montreal until 1938 and was a Sessional Lecturer at McGill's Faculty of Law from 1934 to 1938.

Dr. Heeney served as chairman of the Preparatory Committee on Collective Bargaining in the Public Service from 1963 to 1967. Presently, he is Chairman of the Canadian Section, Canada-United States Permanent Joint Board on Defence and is President of the Canadian Institute of International Affairs.

Dr. Heeney is married and has one son and one daughter.

A. W. Matthews

Dr. Arnold Whitney Matthews, Dean of the Faculty of Pharmacy, University of British Columbia, is a native of Alberta.

He was born at Daysland and received his early education there and in Camrose. He graduated from The University of Alberta with a Bachelor of Science degree in 1921 and a Master of Science in 1925. He received his doctorate from the University of Florida in 1941.

In 1923 he joined The University of Alberta staff as a lecturer in the School of Pharmacy. He became Professor and Director of the School of Pharmacy in 1942 and served in that capacity until 1946.

In 1946 Dr. Matthews became Director of Research for the Rexall Drug Company Limited where he served until 1951 when he joined the Riker Pharmaceutical Company Limited as President.

In 1952 he left Riker to become Professor and Dean of the Faculty of Pharmacy at the University of British Columbia.

Dr. Matthews received the A. H. Robins Award from the British Columbia Pharmaceutical Association in 1962 and the Dr. E. R. Squibb Award from the Canadian Pharmaceutical Association in 1964.

He is Past-President of the Canadian Pharmaceutical Association, the Canadian Foundation for the Advancement of Pharmacy and the Canadian Association of Deans of Pharmacy; Past-Chairman of the Canadian Conference of Pharmaceutical Faculties and a member of the Alberta Pharmaceutical Association and American Pharmaceutical Association, Rho Chi Society and Sigma Xi.

Dr. Matthews is a member of the Board of Governors of the British Columbia Lions Football Club and a Past-President of the Canadian Rugby Union and the Royal Canadian Golf Association.

He is married and has one son.

Roland Michener

The Right Honourable Roland Michener, Governor-General of Canada, is a native of Alberta.

He was born at Lacombe, the son of the late Senator Edward Michener and Mary Edith (Roland) Michener, and grew up in Red Deer. He attended The University of Alberta, graduating with a Bachelor of Arts degree in 1920. He made his mark as a hockey player here, and was active in student affairs. He went on to the University of Oxford as Rhodes Scholar for Alberta, where he studied law, receiving a Bachelor of Arts in 1922, Bachelor of Civil Law in 1923 and Master of Arts in 1929. He was admitted to the Bar in England in 1923 and in Ontario in 1924 and became King's Counsel in 1943.

He was a practising lawyer in Toronto from 1924 to 1957 with the firm Lang, Michener and Cranston.

Mr. Michener was a member of the Ontario Legislature for St. David, Toronto, from 1945 to 1948 and Provincial Secretary and Registrar for Ontario from 1946 to 1948.

He was first elected to the House of Commons in 1953 and was re-elected in 1957 and 1958. When the Progressive Conservatives formed the Government in 1957 he resigned from the boards of 26 companies to become Speaker of the House of Commons, and when they were defeated the new Prime Minister invited Mr. Michener to become permanent Speaker. He declined, but was soon appointed High Commissioner for Canada to India, in July, 1964, a position he held until his appointment as Governor-General in April, 1967.

Mr. Michener has received honorary degrees from The University of Ottawa in 1948, Queen's University in 1958 and Laval University in 1960. He was made Honorary Fellow, Hertford College, Oxford, in 1961 and served as General Secretary for Canada for Rhodes Scholarships from 1936 to 1964.

He is Honorary Vice-President and Honorary Counsel of the Canadian Institute of International Affairs and has served as Chairman of the Executive of the Canadian Association for Adult Education; Honorary Counsel of the Red Cross Ontario Division; and Governor of Toronto Western Hospital.

Mr. Michener is married and has three daughters.

Reports to Convocation

The President, Dr. Walter H. Johns, will make his regular Report to Convocation on the affairs of the University at Spring Convocation, Part One, May 30. Dr. Max Wyman, Vice-President, Academic, and Dr. Walter C. MacKenzie, Dean of the Faculty of Medicine, will make special Reports to Convocation on May 31 and June 1. Copies of each Report will be distributed with this issue of FOLIO on the day they are given, and the following days, at the Convocation ceremonies. Persons who attend an early part of Convocation and want a report delivered at a later one, or want additional copies, should telephone the Public Relations Office, 432-4201.

The photograph of Mrs. Gibson is by Clary DeBaie, Halifax; of Dr. Heeney by United Press International, Ottawa; of Dr. Manning by Colin Price, *The Edmonton Journal*; and of Dr. Michener by *The Globe and Mail*, Toronto.

Report to Convocation

Spring Convocation, Part Three: Walter C. MacKenzie

The Report to Convocation on June 1, 1967, the third part of Spring Convocation at The University of Alberta, was made by Dr. Walter C. MacKenzie, Dean of the Faculty of Medicine. An outline of his Report follows.

He said:

Eminent Chancellor—I am pleased to have the honor of presenting, on behalf of the President, a brief Report to Convocation of the activities of the Health Science Faculties.

During the last several years the various health sciences in the University—Medicine, Dentistry, Pharmacy, Nursing and Rehabilitation Medicine, in collaboration with The University of Alberta Hospital administration, have had joint discussions in the planning of The University of Alberta Health Sciences Centre. It is gratifying to report today that the planning for the first phase of this complex is well under way and the first building, which will house the Clinical Departments of the Faculty of Medicine, the School of Nursing and the students in the Medical Laboratory Science program, is under construction.

This exciting development has been made possible by (first) the cooperative effort and support of the University administration, the Hospital administration, the Honourable J. Donovan Ross and his colleagues in the Department of Health and the Honourable F. C. Colborne and his colleagues in the Department of Public Works, (second) the untiring efforts of our academic staff in long range planning, and (third) the skill and foresight of the Project Director, Mr. Ronald Clarke.

This Health Sciences Centre will provide a full range of preventive, diagnostic, therapeutic, and rehabilitative services to the people of Alberta and, at the same time, will serve as a training centre for urgently required physicians, dentists, pharmacists, nurses, occupational therapists, physiotherapists, technical staff in many areas and other health science personnel.

Health science education must include a background in the humanities as well as in science; it must be provided in an atmosphere that stimulates challenge and

enquiry, therefore, it is mandatory that the Health Sciences Centre be an integral part of the University. Only a University provides the freedom of environment, the diversity of resources and the required opportunity to experiment with different educational programs.

The Medical, Dental and Pharmacy Faculties, the Schools of Nursing and Rehabilitation Medicine and all other paramedical science educational facilities, in which patient-care, teaching and research are integrated, must eventually be considered as inseparable components of the University-based Health Sciences Centre.

This modern concept brings together the many diverse health science personnel during their training so that they will share experiences and problems as undergraduates so as to be better able to function as a single health team to provide for the patient's total health requirements when they assume their roles in the community.

This is the Golden Anniversary of our Faculty of Pharmacy. It was recognized as a School of the Faculty of Arts and Science fifty years ago, in 1917. The School was transferred to the Faculty of Medicine in 1938, and in 1948 received autonomy as an independent School under the General Faculty Council. In 1955 it became a Faculty, and Dr. M. J. Huston was appointed as Dean. Dr. Huston has continued to provide vigorous and outstanding leadership to this Faculty to make it one of the most outstanding in Canada. In the last year they have inaugurated a four-year program which has been well accepted, they have continued to foster graduate training and research and have

expanded their program in continuing pharmaceutical education.

We note, with pleasure, the presence of two distinguished scientists in the health field who will be awarded honorary degrees today, Dr. A. W. Matthews, a former Director of our School of Pharmacy and Dr. Murray Barr, a distinguished scientist from the University of Western Ontario. It gives us particular pleasure that one of Dr. Barr's early collaborators, Dr. E. G. Bertram, will present him for his degree.

In the dental undergraduate program during the last year there were 194 students, there were 40 in the School of Dental Hygiene and three graduate students. Dr. H. R. MacLean, Dean of Dentistry, states that only one out of four applicants in dentistry can be accepted due to limitation of space. Recently, the academic members of the Faculty of Dentistry have concerned themselves, particularly, with curriculum and dental education studies which will undoubtedly greatly influence further "learning" programs in their Faculty. The clinical areas, that is the general Dental Clinic, the School of Hygiene and the Dental Department of The University of Alberta Hospital, have combined to provide exemplary patient-care with an excellent learning experience for the senior dental student. The place of graduate education and research in the overall dental program becomes more established each year.

The School of Nursing has completed a successful year during which time the new four-year degree program was implemented. The response of high school students to this program was very gratifying. The Director of the School, Miss R. E. McClure, feels strongly that, because The University of Alberta is the only School of Nursing in the Province offering a program of study at the baccalaureate level, we must overcome any curtailment of enrollment if we are to provide the well qualified nurses required to meet the needs of anticipated expansion of health services.

In July, 1966, Dr. Carpendale resigned as Director of the School of Rehabilitation Medicine and accepted an appointment in

MacKENZIE

New York. He has been succeeded recently by Dr. John B. Redford who has been appointed Professor and Director of the School of Rehabilitation Medicine. Dr. Redford, a native of Canada, was Professor and Chairman of the Department of Physical Medicine and Rehabilitation at the Medical College of Virginia prior to his new appointment. In September, 1967, the School of Rehabilitation Medicine, as part of its planned expansion, will double its first year class and, in addition, will offer a new program of training for teachers of occupational therapy.

In all health science faculties the academic staff have continued to take an active role in professional associations, pro-

vincial, national and international. They have participated in continuing education programs at home and abroad and have acquitted themselves with distinction.

Our research programs are attracting increasing support from national and international granting bodies in competition with all the health science faculties of Canada and the United States. The Faculty of Medicine, alone, has engendered extramural research support for the ensuing year which will approximate two million dollars.

Eminent Chancellor, ladies and gentlemen, I would like to conclude by quoting from the recent report of the Millis Commission*: "No physician by himself has all

the knowledge and skills necessary to provide all of his patients with optimal health care. Specialization implies division of responsibility. But the patient is undivided. Programs of undergraduate and graduate medical education should therefore give greater emphasis to the training of physicians for co-operative effort with members of other health professions in order that each patient may be provided with the combination of skills and knowledge best adapted to his particular needs."

*A Commission for the American Medical Association, headed by Dr. John S. Millis, President of Western Reserve University, Cleveland; its report, *Graduate Education of Physicians*, was published in September.
